CULPEPEB DELEGATE SEEKING DRY PROBE

Major Gibson Will Urge Resolution For Full Investigation

OTHERS WANT FACTS

Another Resolution in Reserve Calls for Searchlight on Prohibition Department.

Richmond, Feb. 9.—Fight on the State Department of Prohibition so far shows no indication of abatement.

Major Gibson, of Culpeper, stated Saturday that he had in preparation still another resolution aimed at the Prohibition Department, and which, in the event that it is offered, will call for an investigation of the department.

Major Gibson indicated that he would not press the last named resolution unless there is a demand for it, or unless some one interested in the Prohibition Department asks that it be introduced.

From the remarks of the Delegate from Culpeper, it is inferred that, if the department has nothing to conceal and does not fear the searchligh of inquiry being thrown upon its activities, it will welcome such a probe if only to receive a clean bill of health.

The commissioner is called upon to furnish a memorandum showing the quantity of whisky delivered to physicians and druggists from March 1 1918, to date, and giving the names of physicians and druggists, and the quantity delivered to each, together with the prices paid by them, respectively, in a resolution introduced in the House Saturday. It has as its patrons Delegates Norris, of Lancaster, Hall, of Loudoun, and Sinclair, of Prince William.

Delegate Norris, who drew the resolution, said that the object of the paper was to furnish the House with an accurate idea of the amount of liquor dispensed by Druggist H. Mercer Shield, of Richmond; at what price ardent spirits were sold to Druggist Shield, what price he charged on resales, and what net profit accrued to the State Department of Prohibition.

The resolution was referred to the Committee on Moral and Social Welfare.

Disregarding the protest of Commissioner Peters before the House Committee on Moral and Social Welfare that it would be impossible for him to furnish the General Assembly with information demanded in the Gibson resolution, the House Saturday adopted the measure introduced by the delegate from Culpeper, which calls upon the Prohibition Commissioner to present to the Legislature what virtually amounts to an itemized report on the financial and other transactions of his office.

Delegate Gibson, in explaining his resolution calling on the Prohibition Commissioner to account to the House for moneys obtained from the sale of liquor and cars confiscated, and indicating just what was accomplished by his agents and what by local authorities, told the House that the resolution had been favorably reported by the Committee on Moral and Social Welfare, and asked that it be adopted by the House.

The opinion grows that the Deans resolution, to be offered in the House Tuesday as a substitute for the Gilpin bill, calling for the abolition of the Prohibition Department, will be adopted. The Deans measure would limit the life of the department to September 1, 1922. The resolution is an extension of the Williams resolution, which prescribes that the department automatically cease to exist September 1, 1921.

Why did they hate her? Why did the community flaunt her past in her face? Learn the story of Sigrid, the dancer, by seeing the incomparable Nazimova in "Stronger Than Death" at the Richmond Theatre tonight. It is an adaptation of I. A. R. Wylie's celebrated novel, and on the screen presents a picture of life in India that is tense with the undercurrents of momentous events.

WOMAN SUFFRAGE UNCERTAIN ISSUE

Favorable Report by House on Senate Rejection of Measure

WANT A REFERENDUM

Senator West Will Introduce Bill Referring Enfranchisement of Women to Voters of Virginia.

Richmond, Va., Feb. 9.—Fight on the Leedy joint resolution calling for rejection of the Susan B. Anthony Federal suffrage amendment already has begun in the House.

The measure, which was adopted by the Senate by an overwhelming vote Friday night, was sent to the lower branch shortly after convening of that body Saturday morning. It was referred to the House Committee on Federal Relations, which assembled at the desk of the vice-chairman, Delegate C. A. Sinclair, of Prince William, who presided in the absence of the chairman, Delegate D. W. Owen, of Halifax, immediately followed adjournment of the House.

Delegate Thomas W. Ozlin, of Lunenburg, lost no time in moving that the Leedy resolution be reported out, with the recommendation that it pass. Delegate Ozlin is chief patron of the Ozlin resolution calling for rejection of the Federal suffrage amendment.

Delegate R. Lindsey Gordon, of Louisa, chief patron of a resolution calling for adoption of the Federal amendment, made a substitute motion to the effect that if the Leedy resolution be reported out the committee take such action without recommendation.

The Gordon motion was voted down, 5 to 3. Fighting to the last ditch, and indicating his stand and that of proponents of woman suffrage when the fight for and against ratification is precipitated in the House next week, the delegate from Louisa called for a division. The recorded vote did not change the viva voce poll.

The Ozlin motion that the Leedy resolution be reported out, with the recommendation that it pass, then was adopted 5 to 3.

In view of the fact that the question of abolition or retention of the State Department of prohibition has been made a special and continuing order for the morning hour Tuesday, action on the Leedy joint resolution probably will not be taken by the House until Wednesday.

The revival services will be continued all of this week.

A children's meeting will be held at the church Tuesday afternoon at 3:30, a Bible reading on Wednesday at 2:30 p. m., and a healing service on Thursday at the same hour. All who are interested or who desire to be annointed for healing are invited to attend.

It set forth in the communication that on January 16 in Oklahoma City the Oklahoma Employes Association, passed resolutions urging the adoption of the open shop principle by its members in the state. It is further recited that men have been led to forsake jobs in the east on promises of better jobs in Oklahoma and are now dead broke and jobless.

SPORTS

Tonight, the Virginias and the Lyceums will meet in a City Basketball League contest at the Armory, the game getting under way at 8 o'clock. As the 5th Engineers dropped out of the league last week, and it was found impossible to obtain a team to finish out their schedule, it was decided to continue the league as a three club circuit. Tonight's engagement will be the first under the new rule. The Engineers were originally scheduled to meet the Virginias but the schedule was shifted and the Lyceums will play the Big V lads instead.

The revised schedule follows:
Feb. 9—Virginia vs. Lyceum.
Feb. 13—Dreadnoughts vs. Lyceum.
Feb 16—Virginia vs Dreadnoughts.
Feb. 20—Lyceums vs Dreadnoughts
Feb. 23—Lyceum vs Virginia.
Feb. 27.—Dreadnoughts vs Virginia
March 1—Lyceum vs. Dreadnaughts

Capt. Hans Kramer wil lreferee tonights contest at the Armory, which assures another high class fast exhibition, as this officials work is recognized as the best ever seen in this locality.

Saturday night's game between the Marine Preps and the Dreadnoughts was called off by the former at the last minute and Business Manager McDonald was unable to arrange another game on a half hours notice.

Tuesday night the American Legion team plays the Aloysius five at McBurney's Hall. This will be the first local appearance of the Legion team, and a good sized crowd is sure to turn out for the contest. The contest will start at 8.15 o'clock.

Friday's scramble between the Dreadnoughts and the Lyceums is creating quite a bit of discussion, and from early indications a record breaking crowd should witness the encounter. Efforts are being made to secure the services of Capt. Kramer to handle the game.

Carl Mueller was elected official scorer of the City Basketball League at a meeting yesterday at the Community Center.

A HEALTHY SHOWING

Over half a million Virginians now have accounts in the various banks of the state. They range from small sums to large sums.

This is one of the best signs of thrift. While unfortunately too many persons spend their earnings almost as soon as they receive them, while others appropriate their incomes long before pay day and consequently find themselves broke the next day and forced to borrow until the first of the month, others, realizing the fact that they are enjoying small surpluses, open accounts at banks, generally depositing their funds in the savings departments.

Hundreds of mechanics and other working men as well as females of Alexandria have bank accounts. In some cases every member of families has something to his or her credit in our banks.

It is said, and it is doubtless a fact, that the stability of the British government in by-gone years has been due, in a measure, to the action of the working classes in investing their surplus money "in the funds," that is in British consols. They get a small rate of interest, but no risk whatever is involved. The banks in Alexandria pay a small rate of interest upon deposits in their savings departments, but those who entrust their funds in our institutions have no thorns in their pillows. People who place their money in banks or buy Liberty or Victory Bonds or invest in consols are not generally identified with Bolshevists or disorderly characters.

Hon. R. Walton Moore, at present representing our district in Congress has sent us the following which he recently received from the Comptroller of the Treasury:

Comptroller of the Currency
Washington, Jan. 31, 1920.

My dear Sir:—I beg leave to inclose with this a copy of a statement that has just been given to the press concerning the extraordinary growth of the National Banks of the United States during the past twenty year period.

It will probably interest you to know that in the period from September, 1899, to November, 1919, the resources of the National Banks of your State have advanced from $33,686,023 to $430,241,000, an increase of $396,554,977 or $1,177.29 per cent.

There has been no failure of a national bank in your state in the past six years.

On November 17, 1919, the number of depositors accounts in the national banks in your State was 561,057.

Faithfully yours,
John Skelton Williams.

Hon. R. Walton Moore, House of Representatives.

DOLLAR-DAY TOMORROW

Tomorrow (Tuesday) will be what is known as dollar-day in Alexandria Our merchants stage but two such occasions each year, and they are anticipated with interest by the many housewives who can always find needed articles in the displays offered.

While we do not go as far as "Mrs. Toodles," who attended all auctions and purchased door plates and coffins because they were not cheap and likely to be utilized at some time, we realize the wisdom of buying many articles we may not actually need at present, but which are sure to be utilized sooner or later. We refer specially to household articles, dry goods, garments, etc., which we may not have the cash to buy when they are offered at reduced rates six months later.

The main business houses of Alexandria have entered heartily in the dollar-day movement, and should the present auspicious weather continue, tomorrow should be a gala day in our city.

The female portion of the community are especially interested in these semi-yearly sales. With business forethought, they attend all bargain sales. Such occasions often attract many Alexandria females to the capital city. Our best merchants are equally as enterprising as those of Washington, although they may not present as large volumes from which to select. The articles offered, however, are equally as good and cheap and in every way sufficient to meet the anticipations of both buyers and sellers tomorrow.

"INDECENT CLOTHES"

Church Women Organize Crusade Against Modern Dress

Washington, Feb. 9.—Believing that immodesty in women's dress is the most pressing moral problem of the day, the National Conference of Church Women, meeting here, yesterday adopted resolutions to combat the tendency toward "indecent clothes."

"Evening gowns worn by our leaders of fashion are disgusting, said one of the leaders of the reform movement today. "And some of the bathing suits paraded at the beaches last summer"—

If the movement launched here today is successful there will be few tanned knees at the beaches next summer. Mothers' meetings will be organized in every State, it was said to take up the problem of putting decent clothes on young girls.

Mrs. Henry W. Peabody, of Boston chairman of the conference said:

"The modern tendency of our young women in dress presents one of the greatest problems of church women. We find our young womanhood in low resorts, dancing to the tune of African jungle syncopations and wearing clothes that actually are immodest."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure vegetable, and their effect on the liver is quick and certain. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the work that calomel does, but have no bad after effects. They don't injure the system like strong liquids or calomel. They take hold of the trouble and naturally correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums, so do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "sweeten" the spirits. 10c and 25c.

HOOVER NOT A CANDIDATE

Will Vote for Organization Standing for League

New York, Feb. 9.—Herbert Hoover last night issued a statement defining his attitude toward the presidency. He announced that he is not a candidate for the nomination, and that no one is authorized to speak for him politically. If the League of Nations is made an issue in the election, he says, he will vote for the party that stands for the league. In response to requests that he declare allegiance to either one of the great political parties, Mr. Hoover says he will wait until it more definitely appears what the party managers stand for, and will "exercise a prerogative of American citizenship and decline to pledge my vote blindfold."

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of slaves and oinments is impossible, because such treatmet can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift Bldg., Atlanta, Ga.

THE UNIVERSAL CAR

Arrives at Ford Plant

Mr. W. G. Woodbury

Advised us that he arrived at the Ford Motor Company's plant at Detroit, Mich., all O. K. and writes us that he was first shown over the entire plant and the different departments impressed on his mind so that when he was called for class in a certain department, he would not get lost due to the magnitude of the plant. He was then given his badges and tool checks and told to report at 7 a. m. next morning, with the understanding that he was to have 8 hours instruction in the shop each day and 3 hours class work in the evenings.

He states that he was very much impressed with the methods used by the company in instructing shop foremen and was confident he would derive valuable knowledge while there.

VIRGINIA NEWS

By unanimous vote, the joint committee of the Virginia House and Senate of the General Assembly on Moral and Social Welfare last week passed by indefinitely the bill calling for creation of a board of motion picture censors for Virginia. This action by the joint committee virtually kills the bill. Prospect of the measure again being taken up for further consideration during the present session of the General Assembly is regarded as remote.

Fire of unknown origin destroyed the library of the National Soldiers' Home at Hampton Friday night, together with its contents of 18,000 volumes, many records of the army for the States of Virginia and North Carolina and many valuable paintings of Federal generals, including that of General U. S. Grant. The loss is estimated at $75,000. Appeals for assistance to Newport News, Hampton and other surrounding towns brought the aid of their fire departments, whose work saved the host office building.

Although the Richmond Bureau of Health was open yesterday and arrangements were made to have the regular deliveries of mail brought to the office, Director of Public Welfare E. C. Levy declared last night that but 89 additional cases of influenza were reported during the day, with one death. Dr. Levy declared that he was much encouraged by the report yesterday and, although he did not consider that it included all of the flu cases which were attended by physicians yesterday, it was evidently a sign that the total number of cases for the day were less than usual.

Seizure and confiscation of a $2,000 seven passenger automobile, a keg of moonshine whisky and arrest of John M. Howlett, colored, as the owner, was made late Saturday night by Internal Revenue Officers working in Jackson Ward, Richmond.

TO AVOID THE "FLU"

First of all, Make Sure Your Blood is Red and Rich—In Fighting Trim

Safety In Vigorous Blood

If You're Listless and Depressed Don't Delay a Minute—Get a Good Tonic

If you get the influenza, see a doctor at once—but why get it? Isn't it worth while, instead, to take every precaution now, against getting it?

Probably the best and first thing to do is to make sure you are in good physical condition. During an epidemic, almost wherever you go you are exposed to influenza. As long as you are really well, the red corpuscles of your blood fight off and defeat disease germs. But when you are tired and run down, when you feel all right except that you haven't much energy or enthusiasm, your blood is tired out too, and you are an easy victim.

Pepto-Mangan has become famous as a builder of rich, vigorous blood. It helps you up when you are run down. It helps you avoid illness. Or, it helps you recover, if you realized your poor physical condition too late.

Physicians have been recommending Pepto-Mangan for years) in cases of anemia (bloodlessness). It is reliable, effective, and has a record of over twenty-five years success. Take no chances with a run-down condition. Get Pepto-Mangan today. It is good health insurance.

Pepto-Mangan is sold in liquid and tablet form. There is no difference in medical value. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's". The full name should be on the package.

STUART WILL NOT ACCEPT

Announcement Made That Virginian Will Not Take Interstate Commerce Commission Post

Richmond, Feb. 9.—Sticking to his announced purpose not to accept public office, former-Governor Henry C. Stuart, will not become a member of the Interstate Commerce Commission, it is announced both here and in Washington. The nomination of Mr. Stuart was made on Friday by President Wilson.

Major Alexander Forward, of the State Corporation Commission, stated positively that Mr. Stuart, under whom he served as private secretary, and by whom he was appointed to the Corporation Commission, would not accept the appointment. This was confirmed by the announcement in Washington by Representative Moore, close friend of the former governor, that he "had not the remotest idea of accepting the appointment."

In a letter Mr. Stuart said: "I have just read in the press of the honor you have done me by appointment as a member of the Interstate Commerce Commission."

"This is a distinction which no man could hold lightly and which I appreciate most highly. It affords a great opportunity for service in this hour of pressing problems, and if it were possible I would enter into the work joyously. But I regret sincerely that under present conditions I feel that I could not properly accept or fully perform the duties of the position.

"Trusting that you will understand my attitude in the matter, and thanking you for this mark of confidence and consideration."

CONSUL WEDS AT SEA

Swedish Girl Becomes Bride of U. S. Official

Copenhagen, Feb. 9.—Donald Ingram, American consul at Gothenburg, and Miss Ingeborg Alvomist, a Swedish girl, were married on the American steamer St. Augustine three miles off the coast of Sweden last week.

The plan of going outside of Sweden's territorial waters was adopted because of the extreme difficulties confronted by a foreigner who seeks to marry in Sweden. The couple were married by an English minister in the presence of a small wedding party, which accompanied them to sea. They are spending their honeymoon in this city.

TO EVADE EXTRADITION

Geneva, Feb. 9.—Anxiety is growing in Swiss official quarters lest many Germans accused by the Allies of war crimes enter Switzerland to escape liability under the peace treaty.

It is reported from Basle that Vice Admiral Von Capelle, former minister of the German navy, crossed the frontier Saturday. Baron Von Der Lancken, Civil Governor of Brussels during the German occupation, is reported to have arrived in Switzerland from Munich. Former Crown Prince Rupprecht of Bavaria has been staying at Davos.

There is no Swiss law against the entrance into the country of fugitives.

London, Feb. 9.—The Exchange Telegraph's Copenhagen correspondent says that the Berlin government is resolved to call a meeting of Parliament immediately upon receipt of the Allied note demanding the surrender of those guilty of war crimes.

READY TO FIGHT BRYAN

Wilson Would Make League of Nations the Supreme Campaign Issue

Washington, Feb. 9.—The treaty fight on the political present the same perplexing and uncompromising aspects today as a month ago. It is just as much involved in the national and partisan politics as following the Jackson Day dinner, when President Wilson opposed the reservations and insisted upon its acceptance by the Senate with interpretative reservations only and William Jennings Bryan, seeking control of the Democratic convention, urged surrender by the Democratic Senators to the Lodge reservations.

President Wilson in his letter to Senator Hitchcock, read to the Democratic conference Saturday, indicated that his position had not been changed since the Jackson Day statement, although the letter had been written before Lord Grey had spoken and defined Great Britain's position as one of tolerance towards reservations demanded by the Senate majority.
